## FROM THE PASPB BOARD OF DIRECTORS AND COMMITTEE CHAIRS

2023 has been a fantastic year for PASPB! Our membership enrollment is up, you all are actively participating in our events and education sessions, and we are building important relationships within our community. On that note, 2024 will have more opportunities for society involvement! We are hosting the national COPAS meeting in Jacksonville, Florida, and we hope to fill the rooms with PASPB members! We are also celebrating our 70th year as a society. In addition to hosting a celebratory event, we are considering ways our society can make a meaningful impact within the Permian Basin. We hope you enjoy your holidays, and we will see you again at the next meeting in January!

**WE LOOK FORWARD TO EVEN BIGGER AND BETTER THINGS IN THE NEW YEAR.**

## NOVEMBER RECAP

### Financial Security in the Oilfield

Our November meeting speaker was FBI Intelligence Analyst, Judy Snedeker, who was accompanied by two FBI special agent colleagues. They briefed us on current financial threats in the Permian Basin and educated us on prevention methods and available tools to ward off these threats. It was an informative session, and we had an amazing turnout!

The November meeting was sponsored by **Valor Mineral Management**. Jason Nadaskay, Valor's Chief People Officer, gave us an overview of Valor and potential opportunities to look out for in the Permian. Thank you, Jason, for taking the time to join us last month!
